MAKING SPACES A REALITY

COMPANY INTRODUCTION

At M80 Systems, Inc. (M80) we believe that every space matters. It is known that people spend about one-third of their life at work so we want to provide solutions to ensure their workspace is built to be the most efficient as possible so they can be the most productive.

M80 Systems, Inc. was founded by Mike Ady in 1994 as an office systems furniture company. Since then, M80 has expanded from an office furniture dealer to a diversified organization that includes warehousing and distribution, inventory management, office product solutions, sourcing solutions, a custom carpentry shop, project and contract management, and more.

Our mission is to *Make Spaces a Reality*, we accomplish this by working with our clients and customers to ensure their space needs are met to expectation.

M80 currently employs a staff of 30+ which enables the corporation to service large and small commercial companies as well as the government sector.

We currently represent over 30 different product lines ranging from office interior furnishings, seating, storage systems, filing systems, hospitality furnishings, flooring, window treatments, education furniture and more.

M80 has over 20 years of experience in doing business with the federal government under a variety of NAICS Codes as well as possess several socio-economic certifications as a small business.

Successful freight forwarding, project logistics, and relocation management services in remote markets demand expertise, inside knowledge, experience, and a reputation of trust with which M-80 has over 25 years of experience.

M80 Systems, Inc. is a woman-owned small business with a general contractor's license, HUBZone certified, and holds a GSA Contract
