

COMPANY INTRODUCTION

Established in 1994, M-80 Systems, Inc. (M80) has expanded from an office furniture dealer to a diversified organization that includes warehousing and distribution, inventory management, office product solutions, sourcing solutions, a custom carpentry shop, project and contract management, and more.

M80's mission is to make spaces a reality. We accomplish this by working with our clients and customers to ensure their space needs are met to expectation.

M80 has over 20 years of experience in doing business with the federal government under multiple NAICS Codes and possesses several socio-economic certifications as a small business.

Successful freight forwarding, project logistics, and relocation management services in remote markets demand expertise, inside knowledge, experience, and a reputation of trust, with which M-80 has over 25 years of experience. We specialize in contract and project management. M80 ensures quality control is executed throughout all levels of its operation to ensure contract compliance and successful contract completion.

M80 is thoroughly committed to conforming with federal and local laws regarding ethical standards of conducting business.

We are uncompromising in continually improving our processes, demonstrating leadership, and promoting a comprehensive safety culture in our projects and offices.
